

Managing Your Media

What are credits?

On Pixtantly you can give credit to other members who appear in the media (Photos, Videos or Audio) or had some part in the creation of the media item. They are similar to tags on other platforms.

Examples:

1. You may want to say who is in a photo or video. You can add that person and it will show up in their My Credits list and in the credits area of that item as indicated by the tag icon. This will indicate they are either shown or had part in making that item.
2. Another example is, a photographer can give create to all people involved in creating a photo; like the Model, Make-up Artist, Wardrobe Stylist, etc.

In order to give credit to someone, they have to add you and be following your account.
